A Heritage of Praise

Although the psalms are the primary source of praise in the Scriptures, the Bible also records the praises of many men and women of God who were moved by God's character and His intervention on their behalf. Several examples are listed below.

Moses: Exodus 15:1-18

Deborah: Judges 5

David: 1 Chronicles 29:10-13

Daniel: Daniel 2:19-23, 4:34-35

Mary: Luke 1:46-55

Zechariah: Luke 1:67-79

As you reflect on these outpourings of praise, consider how you have seen God work in your life. Which of his attributes do you find the most meaningful?

Write your own "song of praise," giving God glory for what he has done for you. Your song does not have to be elaborate or innovative. As long as it praises God for his great deeds, then it is better than anything that has won a Grammy award!
